# Introduction

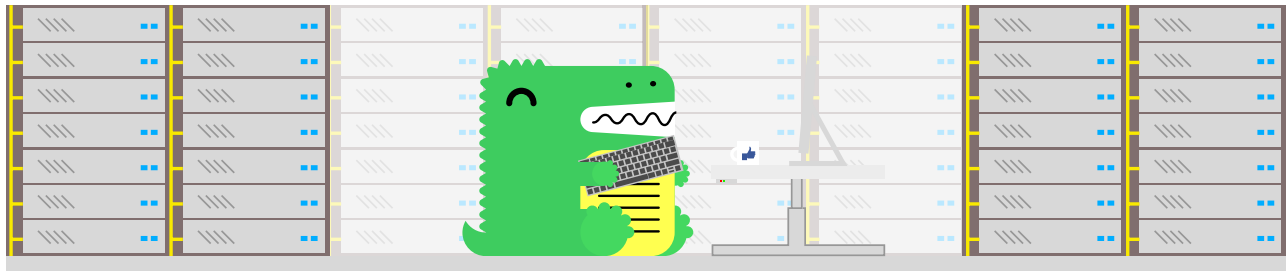

⚡ Docusaurus will help you ship a **beautiful documentation site in no time**.

🛠️ Building a custom tech stack is expensive. Instead, **focus on your content** and just write Markdown files.

🌟 Ready for more? Use **advanced features** like versioning, i18n, search and theme customizations.

👉 Check the **best Docusaurus sites** for inspiration and read some **testimonials**.

🤖 Docusaurus is a **static-site generator**. It builds a **single-page application** with a fast client-side navigation, leveraging the full power of **React** to make your site interactive. It provides out-of-the-box **documentation features**, but can be used to create **any kind of site** (personal website, product, blog, marketing landing pages, etc).

## Fast Track

Understand Docusaurus in **5 minutes** by playing!

Create a new Docusaurus site and follow the **very short** embedded tutorial.
