Example of Stylistic set parameters on &

Fraunces has a fancy & character when used with stylistic set 1 enabled. I want it to be disabled as it's distracting. However, none of the settings appear to control it.

	font-variant unset	font-variant ss01=0	font-variant ss01=1
font-feature-settings unset	&	&	&
font-feature-settings ss01=0	&	&	&
font-feature-settings ss01=1	&	&	&
